

# international trauma symposium

**A faculty of international speakers will share their methods, experiences, and opinions on advanced concepts and innovative solutions in traumatology. The meeting will consist of lectures and discussions and offer the opportunity to participate in hands-on workshops led by experts. The faculty will meet with surgeons who wish to bring and discuss their clinical cases.**

**St. Petersburg  
Russia**

**26th - 27th April 2007**

## Preliminary Scientific Program - St. Petersburg, Russia

26th - 27th April, 2007

**April 26th (Thursday):**

**08 30-09 45: Session 1: Topic: Proximal Humeral Fractures  
Co-Chairman: Prof. D. Sonnabend, Australia**

Time	Subject	Speaker
7'	Introduction and Welcome	Prof. M. Rosenwasser, USA Prof. S. Sergeev, Russia
12'	Epidemiology, classification and surgical anatomy	Prof. G. Mineo, Italy
12'	2 and 3 part fractures: Locked nailing technique, clinical pearls	Prof. B.F. Zeng, China
12'	2 and 3 part fractures: Locked plating technique, clinical pearls	Dr. Y. Arlettaz, Switzerland
12'	4 part fractures : ORIF vs. hemiarthroplasty, clinical pearls	Dr. S. Prat, Spain
12'	Patient outcomes, complications, salvage techniques	Dr. P. Vegt, Netherlands
8'	Discussion	

**09 45-10 50: Session 2: Topic: Distal Humeral Fractures  
Co-Chairman: Mr. M. Robinson, UK**

Time	Subject	Speaker
12'	Epidemiology, classification, surgical approaches: Osteotomy vs. triceps split	Prof. J.-M. Féron, France
12'	Patient positioning, reduction tips, internal fixation tricks	Dr. W.Y. Shen, Hong Kong
12'	Osteoporotic fractures: Total elbow arthroplasty	Prof. R. Schnettler, Germany
12'	Elbow rehabilitation and prevention of stiffness: Use of Botox	Prof. M. Rosenwasser, USA
12'	Case presentations of complications and salvage strategies	Dr. R. Varsalona, Italy
5'	Discussion	

**10 50-11 20: Coffee Break**

**10 50-11 20: UPPER EXTREMITY POSTER Session 1  
Co-Chairmen: Dr. M. Sciadini, USA  
Prof. R. Schnettler, Germany  
Dr. A. Lazarev, Russia**

Participants are welcome to submit 1 PowerPoint slide, for each case presentation which will be judged for clarity and quality by all participants. Winners of the first, second, and third prize will be awarded educational materials and announced before the end of the Symposium.

Note that the PowerPoint slide template for the poster can also be downloaded from [www.osteosynthesis.stryker.com/congresses](http://www.osteosynthesis.stryker.com/congresses)

**11 20-12 15: Session 3 - A: PANEL – Distal radius fractures  
Co-Chairman: Prof. M. Rosenwasser, USA**

Time	Subject	Panel
55'	Natural history, treatment options, surgical indications, anatomy, surgical techniques and illustrative cases	Dr. Y. Arlettaz, Switzerland Dr. L. Obert, France Dr. P. Vegt, Netherlands Dr. J. Vasenius, Finland Prof. G. Hofmann, Germany

**Session 3 - B: PANEL – Clavicle fractures and non-unions  
Co-Chairman: Prof. D. Sonnabend, Australia**

Time	Subject	Panel
55'	Natural history, treatment options, surgical indications, anatomy, surgical techniques and illustrative cases	Prof. E. Ippolito, Italy Mr. M. Pritchard, UK Dr. S. Prat, Spain Prof. R. Schnettler, Germany Dr. N. Tejwani, USA

**12 15-13 30: Lunch**

**13 30-15 00: Session 4 - A: PANEL – Fracture dislocations around the elbow - “unhappy triad”  
Co-Chairman: Dr. R. Varsalona, Italy**

Time	Subject	Panel
90'	Injury patterns and assessment of instability, surgical approaches, fixation techniques +/- radial head arthroplasty, clinical pearls, outcomes, and complications	Dr. R. Luchetti, Italy Dr. M. Sciadini, USA Dr. L. Obert, France Mr. M. Pritchard, UK Prof. M. Rosenwasser, USA

**Session 4 - B: PANEL – Confessions: “I was wrong. Procedures that I no longer perform.”  
Co-Chairman: Mr. T. Chesser, UK**

Time	Subject	Panel
90'	Case presentation and audience participation	Prof. S. Sergeev, Russia Dr. E. Guerado, Spain Dr. G. Taglang, France Dr. J. Ristiniemi, Finland Dr. G. Zych, USA Prof. E. Ippolito, Italy

**19 30: Symposium Dinner  
Guest speaker: Prof. D. Marsh, UK  
Osteoporosis Fracture Campaign**

**April 27th (Friday):**

**08 30-09 45: Session 5: Topic: Lower Extremity Trauma – I  
Co-Chairman: Prof. P. Cherubino, Italy**

Time	Subject	Speaker
12'	Damage control orthopaedics – Principles and Practice	Prof. S. Sergeev, Russia
12'	Pelvic fractures: classification, initial management: Can ext fix be definitive?	Mr. A. Ward, UK
12'	Unstable intertrochanteric femoral fractures: Which device and when?	Dr. T. Kainonen, Finland
12'	Subtrochanteric femoral fractures	Dr. J. Anchuelo, Spain
12'	Supracondylar femoral fractures: Locked nailing vs. locked plating	Dr. L. Dossche, Belgium
12'	OR setup, patient positioning, reduction techniques, avoiding complications	Dr. G. Taglang, France
3'	Discussion	

**09 45-10 50: Session 6: Topic: Lower Extremity Trauma – II  
Co-Chairman: Prof. G. Hofmann, Germany**

Time	Subject	Speaker
12'	Tibial plateau fractures: Have locked plates solved the problem?	Mr. T. Chesser, UK
12'	Tibial pilon fractures: Surgical timing and approaches	Dr. J. Ristiniemi, Finland
12'	Calcaneal fractures: Options, indications, results, complications	Dr. N. Tejwani, USA
12'	Fracture dislocations – ankle and foot: Surgical approaches and techniques	Dr. G. Zych, USA
12'	Soft tissue coverage options in the lower extremity for non plastic surgeons	Prof. T. Bégué, France
5'	Discussion	

**10 50-11 20: Coffee Break**

**10 50-11 20: LOWER EXTREMITY POSTER Session 2  
Co-Chairmen: Prof. J. Vaquero, Spain  
Dr. T. Kainonen, Finland  
Dr. J. Mukhopadhaya, India**

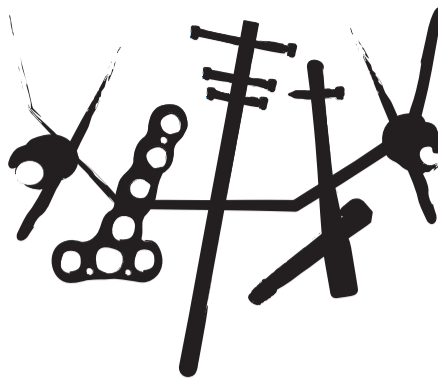

**11 20-12 30: Session 7: Topic: Debate on Controversial Issues in Orthopedic Trauma  
Co-Chairman: Dr. G. Zych, USA**

Time	Subject	Moderator
14'	Debate 1: Problem - Displaced Garden 4 femoral neck fracture in 55 year old woman - THR vs. ORIF	Dr. L. Dossche, Belgium (Pro THR) Dr. J. Mukhopadhaya, India (Pro ORIF)
14'	Debate 2: Problem - Nonunion of humeral shaft fracture - Nailing vs. Plating	Mr. M. Pritchard, UK (Pro Nailing) Prof. T. Bégué, France (Pro Plating)
14'	Debate 3: Problem - Nonunion of tibial shaft with defect - Free Microvascular Fibular Graft vs. Distraction Osteogenesis and Bone Transport	Prof. B.F. Zeng, China (Pro Fibular Graft) Dr. A. Lazarev (Pro Distraction)
14'	Debate 4: Problem - Nonunion of long bone- Which graft material is best? Autogenous Iliac Crest vs. BMP 2 or 7 plus allograft	Prof. S. Sergeev, Russia (Pro Autogenous Iliac Crest) Prof. P. Cherubino, Italy (Pro BMP)
14'	Debate 5: Problem - Grade 3 B tibial shaft fractures - ORIF with a reamed Nail vs. an unreamed Nail	Mr. D. Russell, UK (Pro reamed Nail) Dr. A. Didikin, Russia (Pro unreamed Nail)

**12 30: End of the Symposium, Lunch and Departure of the Participants**

# International Trauma Symposium

## Course Chairman

Chairman: Prof. Melvin Rosenwasser, USA

## Scientific Committee:

Prof. Hofmann, Germany

Dr. Prat, Spain

Prof. Sergeev, Russia

Prof. Sonnabend, Australia

Dr. Varsalona, Italy

Mr. Ward, UK

## The Topics

Proximal Humeral Fractures

Distal Humerus Fractures

Lower Extremity Trauma

Debates on Controversial Issues in Orthopedic Trauma

In association with:

Sponsored by:

26th - 27th April 2007

St. Petersburg  
Russia

## The Venue

The venue for the International Trauma Symposium is a historic building located in the city center of St. Petersburg, Russia. Join us for an unforgettable event, where science will become the center of attention for hundreds of surgeons. Do not miss the opportunity to be part of it!
